# Township of North Kawartha

# *Welcome to North Kawartha*

We support a healthy community with a lifestyle and economy that sustains the natural environment and heritage of North Kawartha. North Kawartha is a very popular tourist destination. There are two Provincial Parks within our boundaries; Petroglyphs Provincial Park displaying the largest known concentration of aboriginal rock carvings in Canada and the recently designated 34,000 hectares set aside for long term preservation as the Kawartha Highlands Provincial Park, due to the fragile ecosystem.

The Township of North Kawartha is a municipal government providing services to a population of approximately 2,479 year round residents and 12,000 seasonal residents and visitors.

Residents enjoy all the benefits of living in our phenomenal community. Come and discover the natural beauty!

To engage with the Township of North Kawartha and receive current up to date information **like us** on Facebook, **follow us** on Twitter or **subscribe** to our newsletter and notices at:

# Preparing for an Emergency

Emergency Management has 4 stages: Mitigation/Prevention, Preparedness, Recovery and Response. Individuals should be self reliant for 72 hours / 3 days. Protecting yourself begins at home before an emergency strikes. Protect your property with adequate insurance.

People who may require accommodated services and extra assistance in a disaster should contact the municipality. We strive for a disaster resilient community!

For more information or a presentation to your group, contact Alana Solman, Community Emergency Management Co-Ordinator at 705-656-4445 ext. 23.
